ASKS MITCHELL'S AID.

President Roosevelt Seeks Resumption of Work.

STRIKE LEADER CONSIDERS PLAN.

Entire Pennsylvania Military Is Ordered to the Strike Districts. President Mitchell at Conference at Buffalo.

Washington, Oct. 7.—President Roosevelt has requested Mr. Mitchell, president of the Mine Workers' union to use his influence to induce the men to go to work with the promise of the appointment of a commission to investigate their grievances and a further promise that the president will urge upon congress legislation in accordance with a recommendation of that commission. No reply has yet been received from Mr. Mitchell.

The president sent Carroll D. Wright, commissioner of labor to Philadelphia to meet Mr. Mitchell and Mr. Wright has reported that after the proposition of the president had been submitted, Mr. Mitchell said that he wanted to take it under con-

CARROLL D. WRIGHT.

sideration. The miners' unions are now voting upon the question of whether they shall continue the strike, but this is upon the proposition of the coal operators and not upon the suggestion of the president to Mr. Mitchell. It is expected that the miners will take up the suggestion of the president and decide on it after it has been presented to them by Mr. Mitchell. Commissioner of Immigration Sargent has returned from Philadelphia, but had no information to communicate as he did not see Mr. Mitchell in that city.

ENTIRE MILITARY OUT.

Opinions Vary in Coal Fields Regarding Effect.

Wilkesbarre, Pa., Oct. 7.—The news of the calling out of the entire national guard of Pennsylvania did not become generally known throughout this region until late, the news having been received too late for general circulation. It was received in a matter-of-fact way and did not cause any commotion or much surprise. The entire Wyoming valley, of which Wilkesbarre is the center, has been mildly quiet. The sheriff has received no reports of violence anywhere, and in fact there has been no disorder of any consequence since last week. The situation so far as the mining of coal is concerned remains absolutely unchanged. There is some coal being shipped, but the quantity is very small. The absence from strike headquarters of President Mitchell and the district presidents, who are in Buffalo in conference with the representatives of the National Association of Manufacturers, made things rather quiet here. National Board Member John Fallon was in charge, but he had nothing to give out. A few striking miners gathered about headquarters, but they soon left for their homes when they found there was nothing new in the situation. The action of Governor Stone in sending all the troops to the strike region is both approved and condemned. The coal company officials and others who hold the same views as the operators, think the governor has done the proper thing and express the hope that the great struggle will soon come to an end. They predict that with protection the men will go to work. There will be no trouble in getting a sufficient number of men to produce enough coal to relieve the situation so far as the threatened fuel famine is concerned. The talk among the strikers as a result of the governor's action is even more firm for holding out than has been at any time since the suspension was inaugurated. The leaders say they look upon the struggle now as a general one of capital against labor and maintain that with the help of organized labor the country over, they can stay away from the mines until the operators are com-

peled through public opinion to yield a point. While the miners generally condemn the calling out of the troops, they say they feel that in the end it will be a help to them.

They recognize the fact that great pressure was brought to bear on Governor Stone to send the entire militia force of the state into the coal fields and now that he has done it the question of coal, or no coal this winter, they argue is "up to the mine owners." The presidents of the coal carrying railroads told President Roosevelt last Friday that with military protection they can satisfy the public demand for coal. The unionists feel confident the operators cannot make good their promise without conceding something to the men.

COMMERCIAL DISTRESS.

Hawaii Burdened With a Period of Business Depression.

San Francisco, Oct. 7.—United States Senators Burton of Kansas, Foster of Washington and Mitchell of Oregon, have returned from the Hawaiian Islands, where they have been on a tour of inspection as a subcommittee of the senate committee on Pacific Islands and Porto Rico. They were accompanied by ex-Senator Thurston of Nebraska. No matter connected with the relations of the federal government of the islands was ignored by the committee. Special attention was given to the labor questions and to Queen Lilioukalani for the loss of the crown lands and the annual revenue from the same. Their special attention was also given as to the question as to the advisability of so amending the organic act as to require the organization of county and municipal organizations and much testimony was taken on this question.

Referring to the present industrial conditions of the islands, Senator Mitchell said: "Contrary to the conditions of great commercial and business prosperity now prevailing on the mainland throughout the United States, we regret to be compelled to say that we found the islands in a state of very great commercial and industrial depression, caused, it is generally claimed by the low price of sugar and the scarcity and high prices of labor."

Mr. Mitchell stated that a spirit of harmony characterized all the proceedings of the subcommittee, the members of which were shown every consideration by the people of the islands.

Received No Proposition.

Buffalo, Oct. 7.—The conference between President Mitchell and the committee of the manufacturers was held here behind closed doors. President Mitchell, accompanied by the three district presidents, Duffy, Fahey and Nichols. He declined to discuss the action of Governor Stone in calling out the entire national guard of Pennsylvania and refused to give the substance of what passed between himself and Carroll D. Wright, United States commissioner of labor in Philadelphia. He was asked: "Has President Roosevelt directly or indirectly made a proposition to you that the miners return at once to work at their present rate of wages with the promise that he would exert his powers to secure to the miners a redress of their grievances?" "I have heard nothing from President Roosevelt since the Washington conference," replied Mr. Mitchell. Further he said he had not heard of it and there was nothing that he knew of in sight to work a solution of the present difficulty.

Lost His Diamonds.

New York, Oct. 7.—Abraham Freimann, an importer of diamonds, whose place of business is in Maiden Lane, has reported to the police that 10 packages of unset diamonds valued at \$18,000 were taken from beneath his pillow, on which he was sleeping at his house. The police are puzzled, as there is nothing to show that the thief or thieves forced an entrance into the house, nor is there any trace of their exit.

Love Caused It All.

Upper Sandusky, O., Oct. 7.—It now transpires that the cause of her rash act of Miss Cora Riedel was presumably a love affair. It is said her parents desired her to marry a wealthy young man residing at Carey, but that she favored a young minister. She was buried Tuesday.

Girls Join Strikers.

Chicago, Oct. 7.—Five hundred girls, employed by W. C. Ritchie and company, paper box manufacturers, have gone on a strike for higher wages. The men employed by the same company had previously struck for an advance in wages. The plant is now idle.

Ada and Lou Bently were arrested at Forest, O., charged with robbing Charles Van Horn of \$1,025. They turned over \$950 to the officers.

NAVAL HEROES MARCH

One Hundred Thousand in Line at Veteran's Parade.

ARE REVIEWED BY ADMIRAL DEWEY.

Annual Encampment of Grand Army of the Republic Continues at Washington With Splendid Ceremonies.

Washington, Oct. 7.—The bright sunshine which ushered in the opening of the G. A. R. encampment was succeeded by cloudy weather. But the change had no effect on the spirits of the vast crowds which early swarmed into the banner-decked streets and hurried to Pennsylvania avenue to take their places for the big naval parade which was the chief event of the morning. Before 9 o'clock, the roped-off side walks were packed with blue-coated veterans and visitors, while the air was filled with the blare of bands and the steady tramp of uniformed soldiers and marines marching to their allotted places in the line. It was estimated that over 100,000 visitors were in the line.

The parade was under the command of General Heywood, commandant of the Marine corps as marshal of the day and consisted of all the regular troops located in and about Washington, marines and jacksies from the warships, Sons of Veterans, high school cadets and the Association of ex-Prisoners of War, acting as escorts for the naval veterans. The column started at 10 o'clock and marched through the densely packed streets to the accompaniment of almost continuous cheers to the reviewing stands opposite the White House, where the escorting bodies halted and formed to review the naval veterans who filed past and disbanded near the state, war and navy building. A hundred or more naval veterans' associations participated. Even while the parade was in progress the reunions of some of the army corps were taking place in the tented city on the White House lot. The parade was reviewed from the stand in front of the White House by Admiral Dewey and Commander-in-Chief Torrence. With them were Secretaries Moody and Root, Admiral Taylor and most of the members of the diplomatic corps now in the city. Admiral Dewey was in full uniform and was accompanied by two aides. The procession occupied about an hour and a quarter in passing the reviewing stand.

The afternoon was devoted almost entirely to reunions and receptions. Captain Eugene F. Ware, the commissioner of pensions, held a reception at the pension office. At night the big "dog watch" of the naval veterans and other reunions was held at Camp Roosevelt.

House Wrecked by Dynamite.

Shenandoah, Pa., Oct. 7.—Mrs. Kukulwicz of Brownsville has reported to General Gobin that her home was partially destroyed by a dynamite explosion during the night. She said the explosion set fire to the house and between the fire and wreck caused by the explosion, the damage to the house is so great that she was compelled to move out with her family. It was reported to the general that the explosion was determined upon by the Lithuanian local at Brownsville. Provost Marshal Farquhar went to Brownsville to make an investigation. Kukulwicz is employed at Shenandoah colliery.

Coal at Actual Cost.

Chicago, Oct. 7.—Action was taken by the city council in an attempt to meet the exigencies resulting from the coal strike. A resolution was passed without debate requesting "the mayor, city comptroller, city treasurer, commissioner of public works and city clerks, constituting a committee to ascertain as soon as possible the lowest cost at which Indiana and Illinois coal can be delivered in Chicago in quantities of 500 and 1,000 ton lots to the end that coal may be brought to this market and sold to consumers at its actual cost for delivery."

Vote to Stay Out.

Wilkesbarre, Pa., Oct. 7.—An address issued by President Mitchell calling upon all local unions to meet to take a vote on the question of remaining on strike. The mine workers of the Prospect, Oakdale and Midvale collieries of the Lehigh Coal company held a meeting in this city and at the conclusion it was announced that the men had unanimously decided to stay out in a body until they had won the strike. This is the first meeting held in the anthracite field under the instructions of President Mitchell.

READY FOR CONFERENCE.

Municipal Code Will Go to Committee of Both Houses.

Columbus, O., Oct. 7.—The municipal code is now ready for the committee of conference between the senate and the house of representatives, where practically a new code will be presented and endorsed, then brought back for passage and final enactment.

The morning session of the senate was taken up in the consideration of local bills. One by Mr. Moore, dividing Lurig special school district in Athens township, Athens county, was passed, as was also one by Senator Patterson, providing for an official court stenographer in Pike county. Another measure was a bill by Mr. Connell of Columbiana county, repealing a special road law applying to that and Stark counties was passed. Senator Dunham of Toledo introduced a bill giving the board of trustees of the Boys' Industrial home the power to parole inmates of that institution. It was passed to its second reading under a suspension of the rules.

Senator Royer had the committee of the whole relieved from further consideration of the Guern bill correcting the Royer act, and on Senator Patterson's motion it was made a special order for 11 o'clock Wednesday.

When the house was called to order several amendments were accepted, one by Mr. Williams of Hamilton county, to give municipalities the authority to regulate ticket brokers and another by Mr. Braeken, to prohibit the employment of girls under 18 years of age as public messengers. The amendments were cut off by the report of the select committee on the senate bill, offered by Mr. Conings. The committee recommended that the senate bill be so amended as to conform with the house bill. This meant of course, that the house bill was to be taken as a substitute for the senate bill, and the committee's report was adopted by viva voce vote. The senate bill, then the house bill, was then given its third reading and placed upon its passage.

Colored Republicans Protest.

Washington, Oct. 7.—Bishop Alexander Walters of New Jersey, Bishop G. W. Clinton of North Carolina and Rev. L. L. Carr Carruthers of New York, representing the executive committee of the Afro-American council, called upon President Roosevelt to ascertain his attitude toward the movement among certain Republicans of the south to exclude the negroes from participation in the counsels of the party. After the interview the colored men announced that the president had stated that his actions in all matters affecting the race was his answer as to his attitude toward the colored man; that in appointments the character, intelligence and the esteem in which the application was held in the community in which he lived, would be the first considerations.

Agriculturists' Convention.

Atlanta, Ga., Oct. 7.—One hundred and fifty delegates representing every section of the United States are here at the sixth annual convention of the Association of American Agricultural Colleges and Experimental Stations, which is being held in this city. The opening session was occupied with the reports of the executive board and the statements of the committees of the association. Among matters of importance that will come before the convention for its discussion will be the subject of the need of diversity of the crops in the south. It is understood the convention will devote considerable time to this subject. It is stated that the beef problem in the southern states also will be brought before the association's attention.

First Brigade Ordered Out.

Philadelphia, Oct. 7.—General J. W. Schall, commander of the First brigade, with headquarters in this city, has received orders from Governor Stone to make preparations to send the entire First brigade to the coal regions as quickly as possible. General Schall and his command will leave Philadelphia early Wednesday morning for the anthracite fields in order that tents could be pitched and ready for occupancy before nightfall. The First brigade is composed of the First, Second, Third and Sixth regiments, Battery A, and the First and Second Philadelphia city troop. The latter organization has been in the coal fields for nearly a month.

Negroes Return to Work.

Birmingham, Ala., Oct. 7.—The only change in the miners' strike situation at the mines of the Tennessee Coal, Iron and Railroad company was that 40 negro miners returned to work at Johns, in the Blue Creek district, where the majority of the miners voted to strike. There is no work at Adger, Belle Sumpter, Blocton, or Pratt mines. President Flynn of the miners says that 4,200 men are now out.

MOB STOP STREETCARS

Three Cars Are Wrecked and Motor-man Attacked.

POLICE STRUCK BY FLYING STONES.

Violence Begins With First Attempt to Operate Cars in New Orleans Strike—Troops May Be Called.

New Orleans, Oct. 7.—Violence started with the first attempt of the railroad company to carry out the orders of the mayor and run its cars. Just before 7 o'clock the company started out three from the barns on Canal street. On each car, manned by a non-union motorman, there was a large force of policemen. Large crowds of strikers and sympathizers were on the streets. When the cars reached Miro street the tracks were blockaded and when they came to a stop a large crowd attacked them. Wires and ropes were cut and the cars were boarded. A pistol shot was fired and the non-union motorman attacked. One of them was badly cut. The police seemed unable to cope with the situation.

When the rioting spent itself the three cars were left standing on the track guarded by policemen. All the windows in them were smashed and they were otherwise damaged. F. H. Schweenick of Chicago, a conductor, was the man who was most badly beaten. The mob of strikers captured Schweenick and his motorman and both consented to join the union. Some of the policemen were hurt by flying stones. The indications are that the company has imported a number of men from other cities. As soon as news of the rioting reached the city hall, the mayor issued a call for a meeting of the police board. It is understood that the object is to secure emergency policemen.

High officers of the militia are in the city and preparing themselves in the event of a call for troops. Governor Heard will only order out the militia when he is notified by Mayor Capdevielle that the situation has become beyond the control of the municipal authorities.

Mayor Capdevielle visited police headquarters and conferred with Chief Journee after the rioting. The chief said that as the company had temporarily abandoned the attempt to operate cars until the situation had quieted down. At union headquarters it was announced that the headquarters would be kept open to receive any offers of negotiations looking to a settlement of the troubles.

J. H. Eldson of St. Louis, said to be connected with a detective agency in that city, was on one of the cars during the rioting. Eldson very pluckily climbed on top and adjusted the trolley pole when it was first pulled down. The mob made a rush for him when he descended but the police managed to protect him and he was taken to the Central station in a patrol wagon hooted and jeered at by a multitude. Eldson said he had been employed by the company and had brought 20 men with him from St. Louis. He said he desired to return to the Canal street barn and repeat the attempt to take out cars.

TROOPS GUARD RAILWAY.

Motormen's Strike in New York State Still Continues.

Saratoga, N. Y., Oct. 7.—Glens Falls has become the center of the trouble in connection with the motormen's strike on the Hudson Valley railway, which went into effect Aug. 30, and which has led to calling out of the entire Second regiment, national guard, Colonel Lloyd commanding. The Glens Falls company has been on duty since Sunday night. The Gloversville company has reached the scene and the Schenectady and Amsterdam companies have also arrived. The situation is comparatively quiet. The regiment will go into camp in the vicinity of the group of towns including Glens Falls, South Glens Falls, Sandy Hill and Fort Edward. The soldiers will be picketed at various points on the 100 miles of railway system in the counties of Saratoga, Warren and Washington.

Coal Pirates at Work.

New York, Oct. 7.—A gang of coal pirates is at work in the harbor and in future many captains of tugs and barges will go armed to fight the robbers. One barge captain reported that he was robbed of 10 tons of soft coal while on the way from South Amboy, N. J. The captain says he was awakened by men who had boarded the barge. They were armed with pistols and he was powerless. They loaded four skiffs and disappeared with their precious cargo.

When the Republicans say that protection has vindicated itself, inquire of them how it happened that Mr. Babcock has asked "How such a policy can be defended?" and Speaker Henderson spoke of schedules as "crying out for revision," and the Baltimore American refers to it as "a tariff for trusts only."

Mr. VAL P. COLLINS, the Louisville architect, planned the Carnegie Public Library to be erected at Shelbyville at a cost of only \$10,000. The building will be a handsome one. Maysville could have just as handsome a structure by a proper utilization of funds that we believe could be made available.

The Hon. John K. Hendrick, of Paducah, opened his campaign for the Democratic nomination for Governor this week at Hopkinsville. He assailed the eligibility of Gov. Beckham to reelection, and read a lengthy opinion signed by a number of Western Kentucky lawyers to back him out in that position.

WHEN the Republicans defend the Dingley tariff, when they assert that it shall not be revised, remind them that Mr. Dingley, the author of that tariff bill, said while he and his Republican associates on the Committee on Ways and Means were framing those schedules: "We are purposely making them too high, because we want them as a basis which will enable us to offer foreign countries material inducements to enter into reciprocity treaties with us."

A FEW weeks ago the Republicans were almost a unit in denying that American made goods were sold cheaper in Europe than in America. They laughed at the idea. But now it is changed. Chairman Babcock admits the proposition but defends it by asking, "What if American manufacturers do sell cheaper abroad than at home?" The Philadelphia Press, the organ of the administration, denied it with vehemence, but now admits that the condition does exist and concedes that it is wrong, yet proceeds to excuse it. And lately Secretary Shaw has admitted the truth of the statement, but has defended the course. The question thereupon arises, Will the American people be willing to continue to pay higher prices for American made goods than Europeans have to pay, even though the Republican party may defend it.

THE New York Journal of Commerce, the recognized organ of the commercial interests of the United States and a thoroughly non-partisan paper, well says, in speaking of the President's Western speeches:

In discussing the effects of tariff reduction upon trusts the President begs every question at issue. He assumes that the industries need all their present protection, and that its reduction would close their works and throw their hands out of employment. But what we know of the costs of production here and abroad, and what we see of American manufacturers exporting their goods to every quarter of the globe, indicates that in many lines the United States can meet foreign competition with little or no protection. The effect of the high duty is to exclude foreign competition with industries that are consolidating to suppress domestic competition, enabling them to get a higher price at home than they are glad to accept abroad. If the foreign price affords a profit the home price is extortionate; if the goods are sold abroad at a loss the foreign trade is not profitable to the country. If a manufacturer is caught with a stock of goods on hand which the home market will not absorb he may very well dispose of his surplus abroad at any price he can get. That is not the position of the manufacturers who are now soliciting orders from Europe, Asia and Africa.

The Newport correspondent of the Times-Star contributes the following:

The many friends of Mr. Albert Beasley of Richmond, Ky., formerly of this city, will be surprised to learn of his marriage on September 8 to Miss Dottie Duncan of Indianapolis. Mr. Beasley, it will be recalled, achieved considerable fame while residing here as a musician. His is the third marriage in the immediate family within a year. An elder brother, Mr. Will Beasley, was married September 19, 1901, and a sister, Miss Tina, in December following. A niece of Mr. Beasley, the father of the three mentioned above, residing in Maysville, was also married within the year, and a niece of Mrs. Beasley of Toledo was added to the matrimonial list, making five weddings in less than a year.

KID GLOVES

Stylish colors, unimpeachable quality and moderate prices have made our glove business. That's it! Our ideas of progress are based on style, quality, price. Against that triumvirate no element can obstruct trade. Its success is proved especially among the gloves—whose selling proceeds with ever increasing power.

IMPERIALE.—The washable glove that is washable. Soap and water doesn't harden and shrink it. In white and gray, tan, mode, castor, brown—\$1.75 a pair. A low price for gloves that soap, water and five minutes will make new. This isn't a promise, it's a fact proved by countless satisfied customers.

THE FEDORA—\$1 improved. Thought it couldn't be? Well it is. More flexible, better sewing, finer shaping. Seven best colors, black and white. All with new La Reina embroidery and two clasps.

We stand behind every pair of these gloves we sell! The maker stands behind us. If, with reasonable care, the gloves split, bring them back, we'll replace them.

Fair, isn't it?

MEN'S GLOVES—Embroidered backs, pique seams, perfectly sewed, fit like expensive gloves.

Colors English Red, brown and tan.

Sizes 7 to 10.

Price \$1 a pair.

AT WORLD'S FAIR.

Assessment Plan May Be Adopted to Raise Funds for the Kentucky Exhibit.

LOUISVILLE, Ky., Oct. 6.—Preliminary steps were taken this afternoon at a meeting of the Executive Committee of the Kentucky Exhibit Association to raise \$100,000 for a building and exhibit at the Louisiana Purchase Exhibition.

A. Y. Ford was elected President of the association, and various committees were named. It was suggested that the money can be raised largely by assessing the railroads on the basis of \$5 a mile and assessing other corporate interests. This would raise \$15,000 from the Kentucky railroads. One-tenth of 1 per cent. on the banking capital of the State was also suggested. The assessment plan would raise about \$50,000, and it is believed an average of \$500 can be obtained by subscriptions in each of the counties of the State, each county being assessed according to its wealth, Louisville and Jefferson County being asked for one-sixth of the amount asked for the entire State.

The building will be constructed exclusively of Kentucky minerals and products, and a prize will be offered for the best design.

—Dr. Walter Mathews, of this city, and Rev. Harry Rogers, of Chicago, were guests of Dr. Dodd Best, of Millersburg, Saturday.

The Confederate Home at Pewee Valley will be dedicated on October 23 and will be opened on November 1. The property was paid for this week, and Gen. Fayette Hewitt delivered the deed to Gov. Beckham.

Mrs. Rosella Hogan Crain is going to Korea as a missionary and Miss Helen Forsythe has been elected to succeed her as Kentucky Conference Women's Foreign Missionary Society Secretary, M. E. Church, South.

The depositions in the case of the Louisville and Nashville Railroad Company against the State Auditor have developed the fact that the railroads fared better this year in the matter of taxation than the individual taxpayers. The railroads paid at the old rate of 47½ cents, and the taxpayers at the increased rate of 50 cents on the \$100. The Constitution provides that taxation must be uniform, and there is some prospect of a suit by individual taxpayers to see if the new 50 cent rate will stand the test of the courts.

CHICKENS

AS

Money-Makers!

We are not apt to underrate the value of the industrious hen. If you had all the money your poultry has cost you, and that it has brought you placed before you in separate piles, you would be astonished at the unexpected size of the profit heap.

Anything you do to protect or promote the health of your chickens is always a profitable investment.

Forceful Facts.

One-sixth of the deaths from disease are due to consumption. Ninety-eight per cent. of all those who have used Dr. Pierce's Golden Medical Discovery for "weak lungs," have been perfectly and permanently cured. Cornelius McCawley, of Leechburg, Armstrong Co., Pa., had in all eighty-one hemorrhages. He says: "My doctor did all he could for me, but could not stop the hemorrhages, and all gave me up to die with consumption." What doctors could not do "Golden Medical Discovery" did. It stopped the hemorrhages and cured their cause. This is one case out of thousands. Investigate the facts.

Public Ownership of Mines.
Butte, Mont., Oct. 7.—Labor leaders of Montana are preparing a petition which will be presented to President Roosevelt asking him to intercede in the anthracite coal strike. The petition recommends that as a preventative against a recurrence of such labor troubles, congress shall enact legislation looking to the purchase or lease by the federal government of all coal fields. A committee was appointed to arrange for the "holding of a mass meeting at which funds will be raised for the strikers." It is the intention to have every organized labor body in the United States join the movement.

EAST LINSTONE, Oct. 7th.—Farmers are sowing their small grain.

The late tobacco is being rushed into the barns this week.

Corn that was cut fourteen hills square to the shock and set up loose and straight is not molding.

Miss Emma Brodt, the obliging postmistress at Bernard, is spending a few days in Cincinnati.

Will Henry Tully, of Cottageville, visited relatives here Saturday and Sunday.

Ezekiel Meyer, of Tollesboro visited relatives and friends here the first of the week.

Miss Lizzie Adams and brother Sammie visited relatives at Oak Woods, Sunday.

Little Miss Lena Ring, a very bright girl, visited her brother, Nick Ring, from Friday until Monday, when she returned to her school in Maysville where she attends daily from her home on the hill, a short distance from the east terminus of the electric line.

Robert Dryden has moved to a tenement house on the farm of Henry Adams.

Mr. and Mrs. Nick Ring cordially entertained a number of guests at their pleasant home Sunday. Among them were Mr. and Mrs. Fred Ring, of near Plumville, Miss Dove Williams, of Maysville, Robert H. Williams, Mrs. Henry Adams and Mr. and Mrs. Richard C. Williams. An elaborate and daintily prepared dinner was hospitably served. The beautifully cut flowers tastefully arranged added much to the attractions of the table, and though the young hostess was charming and entertaining, none were unmindful of the gloom which overspread her countenance in anxious and hopeful anticipation of the precarious condition of her aunt, Miss Anna Adams, to whom she is devoted.

Miss Lottie Brodt, of Cincinnati, who has been visiting her home at Bernard, received a fall while out horseback riding the past week, sustaining a number of severe and painful injuries and bruises, though fortunately no bones were broken.

Several young folks from about here joined a party from Maysville in a hay-ride to Washington Wednesday night—twenty in all—where they attended a dancing party, returning home through the fog and dew about 4 o'clock the following morning. Some of the young men, though they walked up the hills going to lighten

the load, assert that the road was much longer coming back than going.

Quite an affecting and pathetic scene occurred at the Adams family home Friday morning, occasioned by the departure of Miss Anna, who was joined in Maysville by Dr. and Mrs. Taulbee in waiting to accompany her to Baltimore. A telegram announced their arrival at 6 o'clock Saturday morning, stated also that the surgical operation would be performed Monday morning.

The friends of Miss Anna wish her success and a speedy return to her aged mother and little son, Johnny Carpenter.

Parties from the city with bird-dogs were observed in this vicinity Sunday. They should remember there is a law prohibiting bird-hunting on the farmers' domains without his permission and also that he exercises the same care over his birds as of other property.

WEDONIA, Oct. 7th.—Scarlet fever is again in our midst.

Oliver Keal has fever.

Saut Mitchell and wife, of Mayslick, and Dr. Thomas Runyon and wife, of Danville, Ill., are the guests of Mr. and Mrs. E. M. Writt.

Mrs. Eva Lawless, of Danville, attended services at Mill Creek Sunday night.

Miss Orta Bateman and Mrs. Crosby, of Maysville, will visit friends on the farm this week.

Mrs. Alice Harrison, Miss Allie Lee King, Prof. King, Miss Ida Tolle and Mr. and Mrs. C. A. Goodman were in Maysville Saturday attending the C. E. convention.

C. F. Cook contemplates building a new slaughter house in the near future.

Miss Bettie D. Cook and Mr. and Mrs. Clift went to Lexington Tuesday to attend the races.

SPRINGDALE, Oct. 7.—Jas. A. Vawter has received a call to the churches at Cecilia, Sanora and White Mills, Hardin County, Ky.

A woman named Kimball, who has been attending the holiness meetings, conducted by Mr. Reed, and who often danced in the church, has become deranged, and was sent to the asylum Tuesday.

Mrs. Mattie Greer and daughter, Katie, of Illinois, who have been visiting the family of T. P. Degman for several weeks, will return to their homes this week.

ORANGEBURG, Oct. 6.—Marian Tolle has moved to town.

Mrs. Jas. Roe has been ill for several days.

Mrs. Charles Pollard and Winn Parker, who have been ill with fever for some weeks, are reported convalescent.

Mrs. Robinson, of Vauceburg, is the guest of Mrs. W. H. Hord.

Mrs. Caroline Taylor is enjoying a visit from

her daughter, Mrs. August Meisner, of Gibson City, Illinois.

Mrs. True and daughter, Miss Charles, of Dover, who have spent the past two weeks as guests of the family of D. R. Bullock, return home Tuesday.

Miss Ida Mayhugh returned home on Monday after a short visit to friends at Mt. Gilead and Wedonia.

G. D. Wilson visited Cincinnati last week in the interest of his dry goods stores, here and at Epworth.

Mrs. Albert Warder, of Epworth, was the guest of friends in Orangeburg last week.

John Mayhugh, who for the past ten days has been a most welcome guest of his brothers, J. D. H. B. and Wm. Mayhugh, of this place, and his sister, Mrs. Richard Wells, of Wedonia, will shortly return to his home in Vermillion County, Illinois.
